Re: Tambour Supercryl ECO Matt **LEED® V4 Compliance**

Tambour Supercryl ECO Matt paint has obtained the following evaluations from an accredited laboratory in order to comply with LEED® V4 standard for the Indoor Environmental Quality: Low-Emitting Materials credit under the paints and coatings category:

Content Evaluation: ISO 11890-2

VOC Content: ≤ 3 g/L

Emissions Evaluation: French A+ / ISO 1600-9: 2008

Laboratory: eco-INSTITUT Germany GmbH

Laboratory Accreditation: EN ISO/IEC 17025:2018

Based on correspondence with GBCI It is our understanding that the above accreditations can meet the LEED® V4 Low-Emitting Materials credit requirements.
